

We need you!

Bibles for Bairns is our new initiative offering every child born in Scotland in 2023 the gift of a "Share a Story Bible" on their first birthday. It has bright colourful illustrations and is written in a way that a pre-school child can easily understand and engage with.

We would like each child to receive their gift individually wrapped and with a handwritten birthday card. To do this we need a team of volunteers.

If you can spare a few hours midweek during the day, are within travelling distance of our Edinburgh office, and would like to be a vital part of this project, please get in touch with Jen Robertson at
